Lot 1

Glossary VAT Status All lots are sold under the Auctioneers' Margin Scheme, which means that no VAT is charged on the hammer price. Lots which contain only comics are classified as VAT free and therefore attract a buyers' premium of 22.5%. Lots marked with a (V) contain items which are not classified this way (e.g. artwork, posters etc) and these attract a buyers' premium of 27% (inc VAT) Internet bidding premiums (3% on exaliburauctions.com and 6% on the-saleroom.com) are inclusive of VAT and remain so as they are charges for a service provided within the UK. GRADING Our comic lots are not officially graded (unless a CGC/CBCS/PGX slabbed item) as grading is very subjective; instead, we provide a series of photographs for all lots in order for the buyer to make their own decision. If you require more information, we will do our best to answer your request - please note that this service is not available for large multi-lots or job lots of more than 4 comics. A Cents issue comic (US Price) is only highlighted if part of a lot with mixed price examples, e.g. US Price & UK Price Variant. Where noted, a UK Price Variant represents a comic that is clearly printed in British Pence on the cover in place of the Cents price. UK Cover Price denotes a comic that is priced in Cents and has an ink stamp to the cover displaying the Pence price; this stamp is usually approximately the size of a 1p piece. Other cover or page markings (writing, ink stamps, etc) are not noted separately but will usually be evidenced in the photographs accompanying the lot. We cannot guarantee to identify issues such as indentations or rippling, although this is something that would be covered when providing a condition report, and we do our best to identify as many condition details as possible in our lots containing up to 4 issues. Please note, however, that our descriptions and photographs are provided purely to assist your assessment and are not a substitution for a personal inspection of the comics at our premises which is offered for all auctions - in particular due to the volume of comics that we process we cannot guarantee that all pages and coupons are present in group lots. However, whilst we try to check for these faults in single issue lots, we cannot be held responsible for any errors or omissions that may have been made. Items are sold as seen, and it is your responsibility to ensure you are happy with their condition before bidding in the auction.

Glossary of Sizes

BRITISH Posters

BRITISH QUAD

30 x 40" Most common poster size used in the UK. British Quads are horizontal and may have different artwork to the US one sheet. Like a US one sheet they normally come in two versions. Like a US one sheet they are usually supplied single-sided or more commonly now as a double sided poster.

BRITISH ONE-SHEET

27 X 40", printed on paper. Very rarely used size.

UK HALF SHEET

22" X 28", printed on card stock.

BRITISH DOUBLE CROWN (DC)

20" x 30", printed on paper stock.

THREE SHEET

40" X 79", not as common as the U.S. Three Sheet and referred to as a six sheet in the UK.

FRONT OF HOUSE CARDS

10" X 8", printed on card stock; usually issued in sets of eight in colour for display in theatre lobbies.

US Posters

LOBBY CARD

11 x 14" printed on heavy stock paper. Used as display in theatre lobbies. Originally made in sets of eight. Some sets have a title card, which contains credits and artwork, essentially a mini-poster. The remaining seven cards are coloured photographic credits and poster artwork showing different scenes from the movie.

WINDOW CARD

14 x 22" printed on heavy stock paper with the top 4-6 inches usually left blank for the local cinema owner to fill in the cinema and the date it was due to play. Largely discontinued during the 1970's.

HALF SHEET

22 x 28" printed on heavy stock paper. The image displayed is normally a smaller version of the main poster, although some do have different artworks and sometimes come in two versions.

INSERT

14 x 36" printed on heavy stock paper. Inserts usually have the same artwork as a one sheet. Popular with collectors since they are smaller and easier to frame. Normally come tri folded or rolled.

60" X 40"

60" X 40" printed on heavy stock paper. Rare since they were primarily used for major motion pictures only. Designed to be used outside the theatre, on an easel, normally at a drive-in movie theatre.

ONE-SHEET

27 x 41" printed on paper. This is the most common size of poster, intended to be displayed in a glass "marquee" case. It is the most sought after size by collectors. Since the 1980's most posters are sent to the theatre rolled and maybe slightly smaller measuring 27" by 40" and with the advent of backlit light boxes a growing number of modern movie posters are available double-sided and the more traditional single-sided.

THREE-SHEET

41 x 81" printed on paper. These were printed on two or three separate sheets designed to overlap, few survive. Used for larger advertising spaces, normally posted on walls, perfect for huge movie theatres the drive-in, where people could see them from a distance. From the 1970's on, three-sheets were sometimes printed in one piece and issued as "international" versions to be used abroad.

ITALIAN Posters

ITALIAN LOCANDINA

13 x 28" six inches shorter than the US insert, very nice size to frame. Italian poster illustrators are some of the best in the industry.

ITALIAN PHOTOBUSTA

2-FOGLI (DUE)

4-FOGLI

(QUATTRO) 55 x 79" Very large Italian poster printed in two pieces, often contains very beautiful artwork.

FRENCH Posters

FRENCH

47 x 63" (GRANDE), 23.5" x 31.5" (MOYENNE) or 24 x 33" (PETITE)
